Information about the Application Form

Use this form to apply for the Nursing Homes Support Scheme.

As you go through this application form you will see support information to the left-hand side of the sections to be filled out.

What is the Nursing Homes Support Scheme?

If you need care in a nursing home, you can apply for financial support to help pay for the cost of this care through the Nursing Homes Support Scheme. The scheme is also known as Fair Deal. You pay part of the nursing home fees and we pay the balance. This scheme applies to public, private and voluntary nursing homes registered with the Health Information and Quality Authority (HIQA). This is a statutory, government-funded agency which monitors the safety and quality of nursing homes.

You need to be approved for Fair Deal before you can receive funding for a nursing home. You can choose to pay privately for care while you wait for funding. Fair Deal funding can't be backdated and will only be paid from the date of approval.

Please note that Fair Deal does not cover:

- short-term care such as respite, convalescent or day-care
- or*
- extra fees charged by the nursing home for services like hairdressing, therapies or activities.

You can ask your nursing home what extra fees will need to be paid for these services. An agreement of these extra costs must be in place by the time you enter the nursing home.

Who can apply for the scheme?

Anyone who may need long-term nursing home care can apply. You must be ordinarily resident in the Republic of Ireland, which means that you have been living here for at least 1 year or you intend to live here for at least 1 year.

Choosing a nursing home

It's important to look at different nursing homes before choosing one. You should make an appointment to visit the nursing home before making a decision.

Contact your preferred nursing home as soon as possible. You will need to see if they have a place available and can meet your care needs. They may have a waiting list.

If the nursing home you want does not have space, you can go to a different one temporarily. You can then apply for a transfer when space becomes available in your preferred nursing home.

If you are helping someone to apply for nursing home care, involve them as much as you can in the decision. Consider their preferences and personal values before choosing a nursing home.

Nursing home inspections

The Health Information and Quality Authority (HIQA) inspects all registered nursing homes. You can read the nursing home inspection reports on www.hiqa.ie.

How do I apply for nursing home support?

There are 4 stages to the application process:

1. **Application form**
You need to complete and sign this application form.
2. **Care needs assessment**
We will contact you to arrange a care needs assessment. This will assess your need for nursing home care.
3. **Financial assessment**
We will calculate how much you will pay towards the cost of nursing

home care. The amount depends on your income and assets.

Your income is money you receive on a regular basis and your assets include cash, investments and property. The amount that you pay for your care depends on your income and the value of your assets. No one will pay more than the cost of their care. Your contribution will stay the same and we will pay the balance.

4. Nursing home loan (Ancillary State Support) (optional)

This is an optional element of the Fair Deal scheme for people who have assets including land and property.

What is the nursing home loan?

You can apply for a nursing home loan if you own property in the Republic of Ireland. This is known as Ancillary State Support. This can be a house, land, business property or any other property. **The nursing home loan is optional.**

If you want to apply for the loan, you should complete Part 5 of this form. Please go to page 25 for this section on the form and for more information about the nursing home loan.

Applying for a nursing home loan can sometimes take several months as you may need to gather a lot of official documents. We suggest you apply for the loan when you apply for Fair Deal funding. You do not need to accept the nursing home loan if you are approved.

Filling in the Application Form

There are 6 Parts of the form to complete. All applicants need to fill in Parts 1 – 4. Part 5 is an optional element of the form and Part 6 may only apply to certain people.

Specified person Part 2 of the Application Form

Under the Nursing Home Support Scheme (NHSS), a “specified person” may act on behalf of another person where that other person lacks capacity to, amongst other things, make applications for a care needs assessment, State Support, a review of an assessment or to appeal a decision of the HSE. A specified person can be a spouse / partner or child over 18 of the applicant. A specified person can also be a registered doctor, nurse or social worker.

A specified person has very serious obligations. The NHSS Act (section 46A) sets out the **Principles with regard to specified persons**. A specified person should read the principles in full and must understand and act in accordance with the principles. The principles include always acting in good faith and for the benefit of the person, and having regard for the other person’s individual circumstances and all other circumstances of which they are aware. The principles also include:

- minimising restriction of rights and freedom of action
- respecting the other person’s dignity, bodily integrity, privacy, autonomy, right to control over own financial affairs and property
- giving effect to, as far as practicable, past and present will and preferences

- being proportionate and only acting for so long as is practicable
- permitting, encouraging and facilitating the other person to participate in any application under the NHSS
- taking into account the other person’s beliefs and values
- considering the views of any person named by the other person as a person to be consulted
- keeping all records and information secure and only for so long as is required.

You must send us proof of your income and assets so that we can calculate your weekly contribution towards the cost of nursing home care. There are also deductions you can subtract from your total income during the financial assessment.

Qualifying redress payments

If you received a redress payment from one of the schemes listed below, we can take this out of your list of cash assets. You must give us a statement from the relevant State body showing that your cash assets include one of the qualifying redress payments.

The relevant redress payment schemes are:

The financial assessment also takes into account your non-cash assets such as your home and any other property you may own.

If you have taken out a life loan (equity release loan) to buy, repair or improve a property, you must give us a statement from the financial institution showing the date the loan was taken out and the original amount borrowed.

If you are not liable for income tax, please state this. Please provide details of any refund which has been paid or is due to be paid to you from a health insurance provider.

*The HSE will consider health expenses for the previous tax year rather than the 12 months prior to application if you have claimed tax relief and wish to be assessed on that basis. If this is your preferred option you can give us an End of Year Statement (formerly P21) from Revenue.

Interest on mortgage repayments

Please give us a current mortgage statement showing how much is left on the mortgage and your weekly or monthly repayments.

Part 2 – Application for care needs assessment

Notes to help you to complete Part 2

What is a care needs assessment?

The care needs assessment helps us to see if you need long-term nursing home care. When we receive your completed application form we will arrange for a care needs assessment. This assessment could be in a hospital or in your home.

A healthcare professional, such as a doctor, public health nurse or occupational therapist, will do your assessment.

They will look at:

- your ability to do everyday activities like bathing, shopping, dressing and moving around
- how you use any health and personal care services such as a home care assistant or nurse
- the family and community support available to you
- your own wishes and preferences

The assessment may include a physical examination by a healthcare professional.

The person doing the assessment writes a report. We will use this report to decide if long-term nursing home care is the best option for you. You may be asked for more information to complete the care needs assessment, such as a referral from your GP. It is important you provide this as soon as possible to complete your application.

We will write to you when a decision has been made on your care needs. You will also receive a copy of the report and the reasons for the decision.

What is a specified person?

If you have a lack of capacity to make certain decisions, a specified person may act on your behalf in relation to the following items under the Nursing Homes Support Scheme Act 2009:

- (a) an application for a care needs assessment
- (b) a further application for a care needs assessment
- (c) an application for State Support
- (d) notifying the HSE of a material change in circumstances of the person provided with financial support
- (e) a request for a review under section 30 of the Act
- (f) an appeal under section 32 of the Act against a decision of the HSE
- (g) to supply any information that the HSE may request, and communicate with the HSE, in relation to any of the matters referred to in points (a) to (f) above

A specified person under the Nursing Homes Support Scheme is:

- your spouse or partner

Part 3 – Details of income, assets and deductions

Notes to help you to complete Part 3

Financial assessment: Your payment towards care

The amount you pay towards your nursing home fees depends on your:

- income – money you receive on a regular basis
- assets – your savings, investments and property

If you have little income and assets, you pay less. If you have more, you pay more.

You must send us proof of your income and assets so that we can calculate your weekly contribution towards the cost of nursing home care.

For example:

- bank statements
- pension statements
- proof of social welfare payments
- deeds of property, including full copy of lease, if applicable

There are also deductions you can subtract from your total income during the financial assessment.

The amount your nursing home charges does not matter. Your contribution will stay the same and we will pay the balance.

If you own assets such as property or land, 7.5% of their value will go towards the cost of your care each year. If you are part of a couple then 3.75% of their value will go towards the cost of your care each year.

Part 3A – Details of income

If you are part of a couple please supply details for your spouse / partner. Please include documentary evidence of all income, for example pension payslip. Your net weekly income should be provided, which means your weekly income after tax, PRSI or other deductions have been deducted.

- earnings
- pension
- social welfare benefits and allowances

- income from fees, commissions, dividends or interest
- income you deprived yourself of in the 5 years before your application

You will pay 80% of the cost of care (or 40% if you are part of a couple) based on your assessable income. Assessable income is your total income minus allowable deductions. See page 22 for more information on what you will pay.

The assessment won't include your relatives' or children's income. It will include your partner / spouse's income.

Rental income

Anyone who is in nursing home care through the Nursing Home Support Scheme and is renting their principal private residence can complete the Principal Private Residence Rental Income application form. This principal residence must be registered with the Residential Tenancies Board (RTB).

For example, you might have a life interest in an asset or you might be a person who enjoys or is entitled to the benefit of property (on your own right rather than on behalf of someone else). If so, then you have a beneficial interest in the property. The details of a beneficial interest must be included in the application. A beneficial interest is an asset and will be assessed when a financial assessment is carried out.

Deductions

You can subtract allowable deductions from your total income during the financial assessment to get what is called your assessable income:

- income tax, PAYE, Universal Social Charge and PRSI
- health expenses (GP visits, prescription charges, medicines and medical expenses after tax refund)
- maintenance payments to other people
- interest on loans on your home
- levies required by law to pay such as property tax
- a dependent child in full-time education

Please note that if a person knowingly gives false or misleading information in connection with an application for State support, he/she is guilty of an offence and is liable on summary conviction to a fine not exceeding €5,000 or imprisonment for a term not exceeding 3 months or both. In cases where a person does not disclose or makes a misstatement in respect of the amount or value of income / assets and receives a greater amount of State Support than would have been the case if there had been disclosure or no misstatement, the overpayment must be repaid by the person on demand and may be recovered by the HSE as a simple contract debt from the person or estate of that person.

Please note that the personal representative of a deceased person is legally obliged as soon as practical but in any case not less than 3 months before any distribution of assets of the estate of the person, to give the HSE (a) a schedule of assets that is applicable to the estate of the deceased person and (b) notice in writing of the representatives intention to distribute the assets.

Please note that it is necessary to submit a **schedule of assets** to the HSE where a deceased person received financial support under the Nursing Homes Support Scheme. A schedule of assets is a list of all property and assets owned by the person at the time of their death. Under the Nursing Homes Support Scheme Act 2009, the personal representative is legally obliged to send the HSE a copy of this schedule of assets document.

Please note that the schedule of assets is used to review income and asset application details declared to ensure the correct amount of State Support was paid. A personal representative who does not retain sufficient assets of the estate to repay any amount due and payable to the HSE will be held personally liable for that amount.

The amounts on page 20 should be provided annually, net of Tax Relief.

The HSE will require evidence of these deductions during your assessment.

Part 4 – Application for State Support

Notes to help you to complete Part 4

How much you will need to pay

Having looked at your income and assets, the financial assessment will work out your contribution towards your care. You will contribute 80% of your assessable income (or 40% if you are part of a couple) and 7.5% of the value of any assets (or 3.75% if you are part of a couple) per annum. However, the first €36,000 of your assets, or €72,000 for a couple, will not be counted at all in the financial assessment.

If your assets include your land and property, you can defer paying the 7.5% contribution based on this by applying for an optional nursing home loan.

i If you sell an asset, such as your home, while you are in care, the net proceeds of the sale become a cash asset and this will qualify for the 3-year cap. You will need to pay a contribution of 7.5% based on this cash asset. See page 29 for more information about the 3-year cap.

You can request another financial review 12 months after your last review. However, the HSE may review a financial assessment at any stage.

i You must tell the Nursing Homes Support Scheme Office about any sale. You must do this within 10 working days of the sale. This is so we can carry out a new assessment of the amount you pay. Please see contact details for local Nursing Homes Support Offices on page 35.

Please read the following and then sign either Part 4A or 4B as appropriate

As part of this application, the HSE will make arrangements for a care needs assessment and a financial assessment to be carried out. Any organisation with information relevant to the applicant's care needs may provide the HSE with this information. The content of the care needs assessment report may be provided to, or shared with, relevant health professionals, if required. All required information which the HSE may request in connection with the consideration of this application will be provided. To process this application the HSE may seek limited access to social welfare data to confirm details of the applicant, their spouse / partner and any dependants. The signature below indicates consent to this access. The HSE will treat all information and personal data provided to them as confidential. The HSE will only disclose information or personal data to other people or bodies according to law. The applicant must report to the HSE, within 10 working days, any changes in his / her or their spouse / partner's circumstances which may affect entitlement to financial support.

Where a client is in receipt of State Support, a schedule of assets list must be provided to the HSE as per Section 27 of the Nursing Homes Support Scheme Act 2009. This requirement is only provided after the State Support funding is no longer required.

Part 4A – To be completed by the person who needs care services

Client contribution

As well as your completed application form, you must send us proof of your income and assets so that we can calculate your weekly contribution towards the cost of nursing home care. This is called a financial assessment.

The financial assessment looks at your income and assets in order to work out what your contribution towards your care will be. The HSE will then pay the balance of the cost of your care. For example, if the cost of your care was €1,000 and your weekly contribution was €300, the HSE will pay the weekly balance of €700.

There are important safeguards built in to the financial assessment which are worth noting:

- Nobody will pay more than the actual cost of care
- You will keep a personal allowance of 20% of your income or 20% of the maximum rate of the State Pension (Non-Contributory), whichever is the greater
- If you have a spouse / partner remaining at home, he/she will be left with 50% of the couple's income or the maximum rate of the State Pension (Non-Contributory), whichever is the greater
- If both members of a couple enter nursing home care, they each retain at least 20% of their income, or 20% of the maximum rate of the State Pension (Non-Contributory), whichever is the greater

Couples and the financial assessment

If you have a spouse or partner, the financial assessment will look at both your incomes and assets.

A couple is:

- a married couple
- an opposite or same-sex couple who are living together as life partners for at least 3 years

When you are part of a couple applying for the Nursing Homes Support Scheme, half of the couple's total income will be assessed.

Couples and applying for a nursing home loan

If either spouse or partner has a lack of capacity to make decisions in relation to an application under the Nursing Homes Support Scheme, the other spouse or partner will need to be one of the following:

- the Committee of a Ward of Court
- a Person(s) appointed under a Registered Enduring Power of Attorney
- a Decision-Making Representative appointed by Court Order

Part 4B – To be completed only where the person who may need care services does not have capacity to make decisions in relation to the application

Part 5 – Nursing home loan (Ancillary State Support)

Notes to help you to complete Part 5

What is the nursing home loan?

The nursing home loan is an optional element of the Nursing Homes Support Scheme for people who own property / land-based assets in the Republic of Ireland. Instead of paying your full weekly contribution for your care from your own means, you can choose to apply for a Nursing Home Loan, to cover the portion of your contribution which is based on your property / land-based assets within the Republic of Ireland. With a nursing home loan, paying for care can be deferred until after the person is deceased, using these assets to secure the loan.

The nursing home loan can be applied for during the initial application stage or anytime when you become a resident in a nursing home. Applying for the optional nursing home loan during initial application will ensure that your loan and Fair Deal funding are approved from the same date. You can apply for the optional nursing home loan and if you are approved, you do not have to avail of it if you change your mind.

You may therefore wish to seek **independent legal advice** before you apply for a nursing home loan (Ancillary State Support). However, please note that there is no requirement on you to do so.

Repaying the nursing home loan

The nursing home loan will need to be repaid to the Revenue Commissioners after death.

Part 5A – Application for a nursing home loan (Ancillary State Support)

To be completed by the person needing care or their representative

I / We hereby apply for and request payment of the Ancillary State Support (nursing home loan) under the Nursing Homes Support Scheme Act, 2009 ("the Act") in respect of the following property / land-based asset(s) within the Republic of Ireland. I / We acknowledge that payment of Ancillary State Support results in the creation of a charge in favour of the HSE (which by virtue of the Act is deemed to be a mortgage made by deed) against the interest of the person to whom payment relates and of the partner of that person in such land as is specified in the request for payment of the Ancillary State Support (nursing home loan). I / We consent to the creation of a charge in favour of the HSE over the asset(s) listed below.

You will need to repay the loan immediately if:

- you sell or transfer your property. You must notify your local Nursing Homes Support Office within 10 working days of the sale or transfer
- you or your spouse or partner declare bankruptcy
- you provide false information in the application

You can voluntarily repay this any time before death.

The nursing home loan is repayable to the Revenue Commissioners and not the HSE.

Further information is available on how to make payments can be found on [Revenue's website](#).

If a client wishes to voluntarily repay the nursing home loan (Ancillary State Support) provided under the Nursing Homes Support Scheme Act 2009 before the occurrence of a Relevant Event, they should contact their local Nursing Homes Support Office. The office details are on page 35.

We will notify the relevant accountable person when the loan repayment is due. The **Consumer Price Index** is applied to the amount due.

After the death of the person in care, the loan must be repaid within 12 months to the Revenue Commissioners. If the loan is not repaid within 12 months, interest will be applied. The interest will start from the date of death.

If the property is sold or transferred when a person is still in care, the loan must be repaid within 6 months of the date of sale or transfer. If the loan is not repaid within 6 months interest will be charged.

The person who is responsible for repayment of the nursing home loan to the Revenue Commissioners is called the **"relevant accountable person"**. The relevant accountable person may be a different person to the applicant, depending on the circumstances as set out in the following examples:

Example 1: Where you transfer or sell part or all of your property, during your lifetime, you and your spouse / partner will be the relevant accountable persons.

Example 2: Where the loan is repayable after the applicant's death the personal representative of the deceased person is the relevant accountable person. A person who inherits or has an interest in the property or any part of it can also be held accountable for repayment of the loan.

- the house must be their only residence
- they must have lived in the house for not less than 3 years preceding the original application for the nursing home loan
- they must not have an interest in any other property

The loan must be repaid within 12 months of the date of death of the person who was approved for the deferral of the loan.

Part 6 – 3 Year Cap on farms and relevant business

Notes to help you to complete Part 6

The 3-year cap

As part of the financial assessment under Fair Deal, you will contribute 7.5% of the value of certain assets each year towards the cost of your care for a maximum of 3 years.

This is known as the 3-year cap.

These assets can include:

- your home
- the proceeds of the sale of your home
- your farm or relevant business

The 3-year cap applies whether you choose to take out a nursing home loan or not. You can find out more at hse.ie/nhss

Your home will automatically be removed from your financial assessment after you have been in care for 3 years. You do not need to do anything.

If you sell your home while in care

If you sell your home while you are in care, the net proceeds of sale will also qualify for the 3-year cap.

- You need to contact your local Nursing Homes Support Office if you sell your home. Contact details are provided on page 35.

Farms and relevant business

You need to apply if you want your farm or relevant business to be included in the 3-year cap. For your application to be successful you need to meet certain conditions listed on page 30.

Apply to appoint your family successor as soon as you can. This is so your family successor can begin the 6-year period they must commit to running your farm or relevant business. This commitment begins from the day that they are formally appointed by us. Your family successor cannot be appointed until you are in care.

We will review your appointed family successor to make sure that they comply with the conditions of the scheme. This review can be done at any time, over the 6-year period.

You can appeal any decisions that we make. To make an appeal, please contact the National Appeals Office, email nationalappeals@hse.ie

If you've legally transferred your farm or relevant business to a family successor

You still need to apply to the HSE to appoint a family successor through the scheme. Do this even if you have legally transferred your farm or business to your successor in the 5 years before your first application or at any time after your first application.

Farm or relevant business must be actively worked

The farm or business must have been actively worked by either you, your spouse / partner or your family successor for at least 3 of the last 5 years.

This is up to the day in which you enter care.

You will need to provide proof of this.

You cannot be considered for the 3-year cap if you do not meet this condition.

Farm - how to prove your farm is actively worked

You must provide proof that your farm has been actively worked by your spouse / partner or your family successor.

Part 6B – Consent to the creation of a charge

I / we acknowledge that the approval of the 3-year cap results in the creation of a charge in favour of the HSE (which by virtue of the Nursing Homes Support Scheme Act, 2009, as amended, is deemed to be a mortgage made by deed) against the interest of the person to whom payment relates and of the partner of that person in such land as is specified in this application and in the case of a transferred asset against the interest of the owners of that transferred asset.

I/we consent to the creation of a charge in favour of the HSE over the assets listed below.

This proof is usually an active Department of Agriculture, Food and Marine (DAFM) identifier.

DAFM identifiers we will accept are an active:

- registered herd number with herd owner status for each year since the family successor was appointed. Herd keeper status is acceptable for the family successor
- registered farm partnership number
- poultry flock number with poultry flock owner status
- sheep flock number
- equine premises number (EPRN)
- pig herd number with herd owner status
- non-animal or cereal number
- fishing vessel registration number included on the Registrar of Sea Fishing boats maintained by DAFM

We will accept this proof on a valid BPS application for the current scheme year or a copy of a herd test within the last year.

If you cannot provide one of the above, we may accept other proof that you or your family successor are an active farmer.

You and your successor must also present 1 of the following:

- BPS applications for all land that the relief is claimed under the same DAFM identifier – we will accept a declaration of the forestry parcels on a BPS application
- a certificate of participation in a Bord Bia Quality Assurance Scheme
- proof of membership in the Irish Grain Assurance Scheme
- proof that you are producing and delivering milk to a registered milk purchaser

Part 6C – Consent of joint owners

Complete this section if you jointly own the property referred to below.

I / we (insert full name)

and

the joint owners of the assets listed below give my / our consent to the creation of a charge in favour of the HSE under the Nursing Homes Support Scheme Act 2009, as amended (the “Act”) in respect of the following property/land based assets within the Republic of Ireland.

I / we acknowledge that payment of increased State Support as a result of the 3-year cap on relevant farm and/or business assets results in the creation of a charge in favour of the HSE which by virtue of the Act is deemed to be a mortgage made by deed against the interest of the person to whom payment relates and of the partner of that person and in the case of a transferred asset, the interest of the family successor to whom the asset was transferred.

The absence of prior consent in writing of a joint owner does not render void the making of a charge in favour of the HSE.

See the next page for more information on the 3-year cap.

- proof that you submit annual census data for all sheep, goats, pigs and equines kept
- certified farm accounts and documents that show sales of horticultural produce
- certified farm accounts and documentation of sales of hay and silage
- a copy of the DAFM AIM system animal profile within the last year
- any other documents that might be accepted as proof that you are an active farmer

We may need copies of the above documents for different years. We will let you know if this is the case.

Your documents must be for the same land or assets that you are applying for Fair Deal on.

Business – how to prove your business is actively worked

You or your family successor must provide proof that you have been actively working the business for at least 3 of the 5 years before you go into care.

Your family successor must also be able to provide proof over the coming 6 years that they are actively working the business. We may ask for this proof at any time.

You and your family successor will need to provide:

- proof of registration of the business with the Revenue Commissioners
- business registration documents or personal tax records showing that you, your spouse / partner or your family successor have been a director, employee, sole proprietor or partner of the business

- personal tax records or bank statements showing an income paid to you, your spouse / partner or your family successor from the business

You should also provide 1 of the following:

- evidence of a commercial transaction, bill or insurance policy, naming you, your spouse / partner or your family successor
- a letter from an accountant or solicitor confirming that you, your spouse / partner or your family successor meet the terms of the Statutory Declaration
- registration of a legal or professional body related to the business in either your name, your spouse / partner's name or your family successors name

Registration of a legal or professional body can include:

- registration with a professional body, such as a legal, accountancy or medical practice
- food business registration with the HSE
- auctioneer's licence
- waste brokers and dealers registration
- publican's licence
- bookmaker's licence
- National Register of Tobacco Retailers

We may also accept any documents that prove that your family successor is actively working the business.

Charge on your farm or business

You must agree to us placing a charge in favour of the HSE on your farm or business. This must

be agreed by you, your spouse / partner and any other owners of the farm or business.

A charge is a type of mortgage that will be placed on the property of your farm or business.

The charge will be removed once:

1. Your family successor's commitment period of 6 years has ended.
2. All other conditions of the 3-year cap have been followed.

You may need to repay money to us if your family successor does not comply with the conditions of the scheme.

You cannot 'backdate' payments

You cannot 'backdate' payments or get a refund for any payments made before the 3-year cap.

For example, if you have spent 5 years in care, you may qualify for the 3-year cap. But this is only from the date we appoint your family successor.

You won't be repaid any payments already made.

If you sell your farm or business

If you sell your farm or business at any stage, the money from the sale will be assessed as part of your cash assets. This happens even if the 3-year cap has passed.

You must tell the Nursing Homes Support Scheme Office about any sale. You must do this within 10 working days of the date of the sale.

This is so we can carry out a new assessment of your weekly contribution.
