THE IRISH FARMERS' ASSOCIATION

NATIONAL COUNCILS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 MARCH 2024

The constitution and rules of the Association require the National Council to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Association and the results of the Association for that period. In preparing those financial statements, it is necessary to:

- select suitable accounting policies for the Association Financial Statements and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with the relevant financial reporting framework, identify those standards, and note the effect and the reasons for any material departure from those standards;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Association will continue in business and
- The National Council is responsible for ensuring that the Association keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the Association, enable at any time the assets, liabilities, financial position and profit or loss of the Association to be determined with reasonable accuracy and enable the financial statements to be audited. They are also responsible for safeguarding the assets of the Association and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

THE IRISH FARMERS' ASSOCIATION

INDEPENDENT AUDITOR'S REPORT TO THE NATIONAL COUNCIL OF THE IRISH FARMERS' ASSOCIATION

Report on the audit of the financial statements

Opinion

We have audited the financial statements of The Irish Farmers' Association (the 'Association') and its subsidiaries (the 'group') for the year ended 31 March 2024, which comprise the consolidated Statement of Comprehensive Income, the consolidated Balance Sheet, the consolidated Statement of Changes in Equity, the consolidated Statement of Cash Flows and the notes to the financial statements. The financial reporting framework that has been applied in their preparation is Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', issued by the Financial Reporting Council.

In our opinion, the accompanying financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Group as at 31 March 2024 and of its loss for the year then ended;
- have been properly prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Group and the Association in accordance with the ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Councils' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Group's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the National Council with respect to going concern are described in the relevant sections of this report.

Other information

The National Council are responsible for the other information. The other information comprises the information included in the Annual review, other than the financial statements and our Auditors' report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

THE IRISH FARMERS' ASSOCIATION

INDEPENDENT AUDITOR'S REPORT TO THE NATIONAL COUNCIL OF THE IRISH FARMERS' ASSOCIATION (CONTINUED)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of National Council

As explained more fully in the Statement of National Councils' Responsibilities, the National Council are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the National Council determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the National Council are responsible for assessing the Group's and the parent Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the National Council either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: <https://www.iaasa.ie/Publications/Auditing-standards>. This description forms part of our Auditors' Report.

THE IRISH FARMERS' ASSOCIATION

INDEPENDENT AUDITOR'S REPORT TO THE NATIONAL COUNCIL OF THE IRISH FARMERS'
ASSOCIATION (CONTINUED)

Opinion on other matters

Based solely on the work undertaken in the course of the audit, we report that:

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the group were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.
- In our opinion the information given in the National Councils' report is consistent with the financial statements and the National Councils' report has been prepared accordingly.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the group and its environment obtained in the course of the audit, we have not identified material misstatements in the National Councils' report

Use of our report

This report is made solely to the Association's Council, as a body. Our audit work has been undertaken so that we might state to the Association's Council those matters we are required to state in an Auditors' Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the group and the Association and the Association's Council, as a body for our audit work, for this report, or for the opinions we have formed.

THE IRISH FARMERS' ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. Accounting policies

1.1 General information and basis of accounting

The objective of the Irish Farmers Association is to protect, foster and advance the interests of all farmers and to do all things necessary for, incidental or ancillary to the protection, fostering and advancement of the interests of such farmers or farming, and to have all the powers necessary or incidental or ancillary to the achievement of such objectives. The Association's address is the Irish Farm Centre, Bluebell, Dublin 12.

The financial statements have been prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with the Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council.

The functional currency of The Irish Farmers Association is considered to be euro because that is the currency of the primary economic environment in which the company operates.

1.2 Basis of consolidation

The financial statements of the Association incorporate the financial statements of all core activities and entities controlled by the Association, as outlined in Note 18, together with those of all county executives. Transactions between the Association and the other entities have been eliminated in the Consolidated Income and Expenditure Account and the Consolidated Balance Sheet.

The results of associates are included in the consolidation using the equity method.

1.3 Going concern

The financial statements are prepared on the going concern basis. The Association had net current liabilities of €137,890 (2023: net asset €929,274) and the Association remained in a net asset position of €17,260,905 (2023: €17,690,506) at the balance sheet date.

The National Council, having considered budgets prepared by management and the ability to generate cash from various options if required which may include an affiliation fee increase or a disposal of reserve fund assets, have a reasonable expectation that the Association and the Group have adequate resources to continue in operational existence for a period of at least twelve months from the date of signing of the financial statements. Thus, they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

1.4 Tangible fixed assets

Tangible fixed assets are stated at cost or valuation, net of depreciation and any provision for impairment. Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost or valuation, less estimated residual value, of each asset on a reducing balance basis over its expected useful life, as follows:

Office equipment	- 10% - 25%
Fixtures and fittings	- 10% - 20%
Motor vehicles	- 25%
Buildings	- 4%

THE IRISH FARMERS' ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. Accounting policies (continued)

1.5 Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

(i) Financial assets and liabilities

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a finance transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Non-current debt instruments which meet the following conditions are subsequently measured at amortised cost using the effective interest method:

- a) Returns to the holder are (i) a fixed amount; or (ii) a fixed rate of return over the life of the instrument; or (iii) a variable return that, throughout the life of the instrument, is equal to a single referenced quoted or observable interest rate; or (iv) some combination of such fixed rate and variable rates, providing that both rates are positive.
- b) There is no contractual provision that could, by its terms, result in the holder losing the principal amount or any interest attributable to the current period or prior period.
- c) Contractual provisions that permit the issuer to prepay a debt instrument or permit the holder to put it back to the issuer before maturity are not contingent on future events, other than to protect the holder against credit deterioration of the issuer or a change in control of the issuer or to protect the holder or issuer against changes in relevant taxation or law.
- d) There are no conditional returns or repayment provisions except for the variable rate return described in (a) and prepayment provisions described in (c).

Debt instruments that are classified as payable or receivable within one year and which meet the above conditions are measured at the undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

Other debt instruments not meeting these conditions are measured at fair value through profit or loss.

Commitments to make and receive loans which meet the conditions mentioned above are measured at cost (which may be nil) less impairment.

~~Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the Group transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the Group, despite having retained some significant risks and rewards of ownership, has transferred control of the asset to another party and the other party has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without needing to impose additional restrictions on the transfer.~~

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

THE IRISH FARMERS' ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024

1. Accounting policies (continued)

1.5 Financial instruments (continued)

(ii) Investments

Investments in non-puttable ordinary or preference shares (where shares are publicly traded or their fair value is reliably measurable) are measured at fair value through profit or loss. Where fair value cannot be measured reliably, investments are measured at cost less impairment.

(iii) Fair value measurement

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the Association estimates the fair value by using a valuation technique.

1.6 Associates

In the Group financial statements investments in associates are accounted for using the equity method. Investments in associates are initially recognised at the transaction price (including transaction costs) and are subsequently adjusted to reflect the Group's share of the profit or loss and other comprehensive income of the associate. Goodwill arising on the acquisition of associates is accounted for in accordance with the policy set out above. Any unamortised balance of goodwill is included in the carrying value of the investment in associates.

The carrying value of the investment in associate undertakings represents investments in associate together with a share of associates' profit/(loss) to date.

1.7 Impairment of assets

Assets, other than those measured at fair value, are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss.

THE IRISH FARMERS' ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. Accounting policies (continued)

1.8 Taxation

Current tax, including Irish corporation tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. The current tax also comprises of capital gains tax based on the disposal of shares and deposit interest retention tax (DIRT) suffered on interest income.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. When the amount that can be deducted for tax for an asset (other than goodwill) that is recognised in a business combination is less (more) than the value at which it is recognised, a deferred tax liability (asset) is recognised for the additional tax that will be paid (avoided) in respect of that difference. Similarly, a deferred tax asset (liability) is recognised for the additional tax that will be avoided (paid) because of a difference between the value at which a liability is recognised and the amount that will be assessed for tax. The amount attributed to goodwill is adjusted by the amount of deferred tax recognised.

Deferred tax liabilities are recognised for timing differences arising from investments in subsidiaries and associates, except where the Group is able to control the reversal of the timing difference and it is probable that it will not reverse in the foreseeable future.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of the timing difference. Deferred tax relating to property, plant and equipment measured using the revaluation model and investment property is measured using the tax rates and allowances that apply to sale of the asset.

The tax expense or income is presented in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

Current tax assets and liabilities are offset only when there is a legally enforceable right to set off the amounts and the Group intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Deferred tax assets and liabilities are offset only if: a) the Group has a legally enforceable right to set off current tax assets against current tax liabilities; and b) the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

THE IRISH FARMERS' ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

1. Accounting policies (continued)

1.9 Income

- (i) Affiliation fees are accounted for in the financial year during which they are received.
- (ii) All other income is accounted for in the financial year in respect of which it is receivable.

1.10 Retirement benefits

The Association participates in a defined contribution scheme for certain employees which is funded by the payment of contributions to a separately administered fund. The assets of the funds are held separately from those of the Association. For the defined contribution schemes the cost of providing benefits is charged to operating profit as incurred.

2. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 1, the National Council are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgement in applying the Group's accounting policies

The following are the critical judgements that the National Council have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Key source of estimation uncertainty

Voluntary member expense

Due to the nature of the voluntary member expense accruals and the time lag noted around members claiming expenses that they have incurred but not yet claimed; management note that there is a greater degree of estimation uncertainty associated with these expenses. Management estimates the expense based on estimated amounts incurred and historical claim patterns.

Legal claims and costs

Legal claims and their associated costs by their nature are uncertain, where there is a potential expense this is accrued on consultation with legal counsel and their best estimate or settlement of such claims.

THE IRISH FARMERS' ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

3. Income

An analysis of the Group's income by class of business is set out below.

	2024	2023
	€	€
Broadband and phone services	5,251,913	5,540,014
Membership contributions	6,349,129	6,351,521
European Involvement Fund levies	3,087,635	3,983,038
Trust fund contributions	330,000	663,757
Net income from fixed asset investments	854,931	435,540
Other income	267,015	168,458
	16,140,623	17,142,328

All group income was earned in the Republic of Ireland.

4. Expenditure

An analysis of the Group's expenditure is set out below.

	2024	2023
	€	€
Expenditure:		
IFA Telecom expenses (including staff costs)	5,221,432	5,516,878
Total staff costs	6,123,466	5,770,522
Voluntary costs	993,556	1,036,552
Premises	460,939	483,048
Communications	427,296	434,210
Research	30,218	27,029
Public relations	529,209	657,055
Professional fees	232,879	583,031
Affiliation fees	116,518	170,615
Financial and IT charges	344,436	395,595
Foreign travel	63,546	46,873
Brussels office	580,376	535,122
Membership recruitment	493,721	506,154
Membership promotion	516,761	504,456
Other expenditure	906,354	283,048
	17,040,707	16,950,188

THE IRISH FARMERS' ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2024

5. (Deficit) / surplus on ordinary activities before taxation

(Deficit) / surplus on ordinary activities before taxation is stated after charging/ (crediting):

	2024	2023
	€	€
Depreciation of tangible fixed assets	121,420	168,451
Exchange differences	(774)	(1,725)
Defined contribution pension cost	<u>511,366</u>	<u>481,410</u>

The analysis of the auditor's remuneration is as follows:

Auditor's remuneration for work carried out for the Group in respect of the financial year is as follows:

	2024	2023
	€	€
Irish Farmers Association	28,000	27,000
IFA Telecom	13,000	12,000
ISGA	1,000	1,000
Total Group	<u>42,000</u>	<u>40,000</u>

THE IRISH FARMERS' ASSOCIATION

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024**

6. Remuneration of key management personnel

The salaries and payments paid to key management personnel analysed under the headings required by company law are set out below:

	2024	2023
	€	€
President (Cullinan)		
Gross salary	52,727	67,866
Net amount charged	52,727	67,866

	2024	2023
	€	€
President (Gorman)		
Gross salary	32,487	-
Net amount charged	32,487	-

The Remuneration Committee agreed that the salary of the President should be €140,000. This amount is reduced by any directors' fees payable by outside bodies that came as a consequence of the IFA office.

	2024	2023
	€	€
Deputy President (Rushe)		
Gross salary	23,162	30,777
Net amount charged	23,162	30,777

	2024	2023
	€	€
Deputy President (Doyle)		
Gross salary	9,282	-
Net amount charged	9,282	-

The Remuneration Committee agreed that the salary of the Deputy President should be €40,000. This amount would be reduced by any directors' fees payable by outside bodies that came as a consequence of the IFA office.
